Thesis Title:

Collaborative Conservation: Reconnecting People, Land, and Bison through the linnii Initiative

Erratum:

Entry 1: Addition of "Appendix" (p.152) including label, "1. Blackfeet Nation Institutional Review Board Letter of Approval for research".

This is properly noted in Table of Contents (p.v) and listed under newly added "List of Appendices" (p.viii).

Rationale: I was contacted by the Blackfeet Nation post-submission to the Atrium to include this letter (see attached) in the appendix to demonstrate that this work was approved by them. This is an important part of my research relationship with them and thus I want to adhere to their requirements and wishes. I requested a 'restriction of circulation' in order to give teh Blackfeet Nation this opportunity to review my thesis, to which they responded that their only request was to add this iRB letter of approval.
