

Operating grants to total \$39.3 million for Guelph

"According to our calculations, the University of Guelph should receive \$39.3 million in operating grants from the provincial ministry of colleges and universities for the 1976-77 academic year." This information was released last week by President D.F. Forster following an announcement regarding financing for the 1976-77 year from the Minister, Hon. Harry Parrott.

Ministry figures issued February 17 were for a grant of \$38.9 million for the coming year, but "those figures were based on anticipated enrolment levels" said the president. "Our figures, based on actual February enrolment, are slightly higher than that."

Because of a new method of calculating the Basic Income Unit (BIU) this year, the effective increase per student will be considerably lower than the 9.5 per cent increase announced by the ministry last week.

"What has happened," explained the president, "is that entitlement calculations are based on one-third of the 1974-75 enrolment and two-thirds of the 1975-76 enrolment."

"The new formula puts more dollars into the value of the BIU, but cuts back on the enrolment entitlement."

For the University of Guelph, the increases work out to an effective increase in the BIU for undergraduate students of 7.9 per cent. And

because of the suspension of the formula financing of graduate students, a small inflation factor has been added this year to increase the effective BIU level by 6.8 per cent above the current year.

The president continued, "We are pleased that the province has increased spending in the universities and colleges sector more than in most other areas and programs.

"We shall still have to exercise fiscal restraint, care and control of expenditures," he said, "and we will probably have to cut back modestly on some services to students and to the community.

"I do not see however, any serious short-term implications for the current employment levels at the university."

The president was quick to point out, however, that the increased funding would not permit any significant increases in staff and faculty for 1976-77.

Generally, the president felt that the smaller funding increase for student graduate would force the university system to take a hard look at graduate programs on a province-wide basis and in the individual universities. He also speculated that the University of Guelph would probably approach a steady state enrolment sooner than expected, "an enrolment not significantly larger than the current level." □

COLLEGE ROYAL Welcomes Everyone to Campus-wide Open House

Visitors to College Royal this year will be welcomed in virtually every academic department on campus during College Royal open house days, Saturday and Sunday, March 6 and 7.

This is year 52 for College Royal, February 27 to March 7, and Doing Our Bit is the theme chosen for 1976 celebrations.

The Royal Kick-off Pub opens festivities Friday, February 27, featuring two bands, the University of Guelph Panuts Steel Band and Toronto Harbour, 8:30 p.m., Peter Clark Hall, University Centre.

On Saturday there is the livestock and field crops evaluation 8:30 a.m., in the pavillion with the cake baking contest 8 a.m. to 4 p.m., at Macdonald Institute. The evening entertainment is the College Royal Ball, beginning at 9 p.m., University Centre. On Sunday there is Hallelujah '76, a talent show, 8 p.m., in War Memorial Hall.

The Royal Revel pub, 8 p.m., 0 level, UC, opens activities the second week, Tuesday March 2. On March 3 and 4, there is curtain call, The Wizard of UG, 8 p.m., War Memorial Hall, are festivities Friday, March 5.

Saturday, March 6 is the grand show day with open house all day, and the livestock showmanship competition from 9 a.m. to 4 p.m., in the arena. A cat show will be held 1:30 to 4 p.m., at OVC and there is a director's luncheon, 11:45 a.m., at the Cutten Club. The official opening of College Royal is 1:15 p.m. in the arena and 0 level of the University Centre. Two showings of a fashion show, and tea, will be held 1:30 and 3:30 p.m. in Peter Clark Hall and mini lecture series will be held from 10 a.m. to 5 p.m., Room 105, Physical Sciences. Saturday is also awards night, 7 p.m., Peter Clark Hall, followed by the square dance and competition, 8 p.m., also in the Peter Clark Hall. Curtain Call will also be shown again.

Open house continues Sunday, March 7, with Old MacDonald's Farm, 11 a.m., to 4 p.m., in the dairy barn.

College Royal was first initiated in 1925. Professor Wade Toole, and Larry Demaray, the first president of College Royal and a few other students put the first College Royal all

Continued on page 4.

Hammond appointed to board

Kenneth W. Hammond, 61, executive vice-president and general manager of Hammond Manufacturing Ltd., Guelph, has been appointed to the board of governors.

Mr. Hammond was appointed February 16, by the provincial cabinet to fill one of two vacancies in cabinet-appointed seats on the board. Mr. Hammond was a member of the Guelph Division Campaign Management Committee for the OAC Centennial Fund in 1974 and was a vice-chairman of the Guelph Division in the Development Fund Campaign for 1966-68.

A native of Guelph, Mr. Hammond attended OAC here. He has been involved with the Guelph Chamber of Commerce, the board of governors of the Guelph General Hospital for five years, the United Way, The Canadian Manufacturer's Association and the YM-YWCA for 11 years. He is chairman of the newly-formed Club of Guelph.

Senate elections for Sept. '76 term

The annual Senate elections will be held during February and March for Senate terms commencing September 1, 1976. First to get under way will be the election of graduate students, one from each College, and graduates will be receiving information and nomination forms through the mail. Completed nominations are due in the Secretary of Senate's Office no later than March 5 and ballots will then be distributed for return no later than March 26. Graduates are elected for a one year term.

Faculty will also be receiving information and nomination papers through the mail. There will be an election in each College except Family and Consumer Studies. Completed nomination papers are due no later than March 12 and ballots by April 2. Faculty are elected for a three year term.

Given the size of the undergraduate body, the undergraduate student election is more complicated. They are elected for one year

Finance meetings

Members of support, faculty, and professional staffs at the university will have an occasion to ask questions about the financial state of the university at meetings March 9 and 10 with President Forster.

President Forster will talk briefly about the university's financial position for the next fiscal year and give some indication of his assessment of the prospects beyond that period.

Faculty and professional staff will meet Tuesday, March 9, and support staff, Wednesday, March 10. Both meetings begin at 4:30 p.m. in War Memorial Hall. □

VISITOR

Etienne Wermester, French Cultural Attache, recently visited the campus to open the exhibitions of photography by Eugene Atget and Ralph Gibson now showing on the main floor of McLaughlin Library. A reception at La Maison Francaise, sponsored by the Art Curator and the French Section of the Language Department was held following the opening. Mr. Wermester also presented to La Maison Francaise, a collection of books on French artists. Today is the last day to see the Atget and Gibson exhibitions.

from each degree program, one representative for every five hundred students registered in the program. Undergraduates will be receiving information by mail but nomination forms due before March 12, must be collected from the office of a College dean. Balloting will take place on one day, March 31, in the University Centre for all programs except D.V.M. A polling station for D.V.M. students will be established at O.V.C.

Further information is available from the Secretary of Senate, Ext. 2114 □

Date extended

The date for submission of interim grade 13 marks of students who attend schools which operate on a semester schedule and have closed for an extended period has been adjusted from April 9 to April 21.

The Council of Ontario Universities, in a press release dated February 16, stresses that universities expect that the affected schools and students will rectify any academic deficiencies that may result. The Council also emphasized that all offers of admission to be made in June are, as usual, conditional, and the universities reserve the right to withdraw early offers if the applicant has not satisfactorily completed the required academic work by the end of the school year. □

Ski films

We've all heard the old adage that we learn from our mistakes; but do we learn better when we can go back and actually watch ourselves making the mistakes? Nick Dalton hopes to answer this question as it relates to ski instruction.

Twenty university students are now taking skiing lessons from Mr. Dalton. Half serve as a control group. The other ten form the experimental group. All skiers get the same instruction except that the experimental group members are filmed as they practise, and they get the chance to view the film before the next lesson.

In skiing, says Mr. Dalton, the visual feedback is usually only trees, hills, and other skiers. He feels that the impact of seeing themselves ski will be a much greater stimulus for learning.

Similar projects have been done using audio visual techniques to teach other sports. Mr. Dalton remarks that in swimming the films don't seem to have any effect on the learning process. But gymnastics students seem to improve much faster with the aid of audio visual techniques.

Weather permitting, Mr. Dalton's project will continue for another five to six weeks before the final evaluation of the skiers.

Mr. Dalton is a fourth year student in the Department of Human Kinetics. He is working on a project to evaluate the use of films in teaching people to ski. □

Honorary degree

One of the world's leading veterinarians, Dr. Olga Uvarov will receive an honorary D.Sc. at spring convocation here May 26, 27, and 28.

Dr. Uvarov is president-elect of The Royal College of Veterinary Surgeons, the body which regulates the veterinary profession in the United Kingdom and Commonwealth countries. Dr. Uvarov was the first woman to be elected as its president. Guelph's degree is officially recognized by The Royal College Of Veterinary Surgeons. Now technical information officer of the British Veterinary Association. Dr. Uvarov is in great demand as a speaker in Canada United States, Australia, New Zealand, and most European countries, including Russia, where she was born, in Ouralsk.

Dr. Uvarov received her M.R.C.V.S. in 1934 from the Royal Veterinary College, London. She maintained a general practice from 1934 until her retirement in 1953. In 1967 she joined the pharmaceutical industry as head of the Veterinary Advisory Department for Glaxo Laboratories until 1970. The author of 44 scientific papers and co-author of The Veterinary Annual Review, Dr. Uvarov is a Member of Council of the British Veterinary Association and a Member of Council of the Royal Society of Medicine. She is past president of numerous British regional veterinary associations and past president of Section of Comparative Medicine, Royal Society of Medicine, Association of Veterinary Teachers and Research Workers and the Society of Women Veterinary Surgeons.

Dr. Uvarov is chairman of the Parliamentary Committee of the Royal College of Veterinary Surgeons, a position she has held since 1971.

In 1965 she was awarded the Victory Medal of the Central Veterinary Society. She is also a Fellow of the Royal Society of Medicine and a Fellow, by election, of the Royal College of Veterinary Surgeons.

Additional honors to be bestowed at convocation this spring will be announced at a later date. □

ID to change

Coincident with the spring, 1976 semester all undergraduate student ID numbers will become nine digit numbers instead of the present seven digits. This change is a part of a major revamping of all computer systems within the Registrar's area. This new number system will make Guelph compatible with the Ontario Universities' Application Centre, through which the majority of the University of Guelph applicants are processed. It will also facilitate the increasing demand to determine the mobility of students transferring from one university to another within the Ontario university system.

The ID numbers of current and past University of Guelph students will be converted to the new format by adding two zeroes to the low order positions of the existing number i.e. 7512345 becomes 751234500. Contact Ken MacLanders, Associate Registrar, Systems Ext. 8718 for further information. □

CAMPUS BRIEFS

Recycling depot opens

A recycling depot has been set up in Room 103, Macdonald Hall in conjunction with DO-IT Recycling. Other locations will open as volunteers are found to supervise the depots. Materials accepted include cardboard, ledger paper, newsprint, glass and metal cans. A meeting to organize further publicity will be held February 26, 5 p. m. in Room 333, University Centre. If you are interested in helping at the depots, please call Ext. 8537

Lease notice

Recent changes in the Landlord Tenant Act involve student tenants without leases. If you do not have a lease, and you pay weekly, you must give, in writing, 28 days notice of your intent to move. If you pay monthly you must give, in writing, 60 days notice of intent to move. Most students pay monthly at Guelph. But if you do plan to move by the end of April, you must give your notice in writing before Sunday, February 29.

Teaching awards

The fourth annual OCUFA teaching awards program was announced in Toronto by Dr. S. F. Gallagher, chairman of the OCUFA Committee on Teaching Awards. The OCUFA Teaching Awards Program is designed to provide more extensive recognition to established excellence in teaching and thereby to supply additional incentives towards improving the general quality of university teaching. Under the terms of the Program nominations are invited from interested groups or individuals within Ontario universities. Sponsors should provide sufficient evidence, from as many sources as possible (students, colleagues, chairmen, deans, administrators, faculty committees, etc.) to make it clear that outstanding work deserving of recognition has been done. Submissions are not restricted to nominations for excellence in classroom or laboratory work by an individual faculty member. Course preparation, team teaching, audio-visual work, etc., are all matters of importance to instruction and outstanding work in any of these areas would render nominees eligible for an award. Nominations for the 1976 awards should be forwarded to: OCUFA Committee on Teaching Awards, 40 Sussex Avenue, Toronto, M5S 1J7. The deadline for receipt of nominations is March 15, 1976. If you are preparing nominations and need help, check with Professor J.B. Boehnert, Psychology, Ext. 3517.

Cooks needed

Cooks are needed to help out in a cooking demonstration as part of the Food Facts program. Anyone interested is asked to contact Diane Goodwillie, Department of Student Affairs, Ext. 3953.

Kortright membership drive

The steering committee for the preservation of Kortright Waterfowl Park requests that members of the university community support Kortright through the purchase of a membership (which entitles you to a year's free access to the park). Cheques or pledges are to be made payable to the Kortright Committee and can be sent to R.G. Davidson, Office of the Registrar. Seventy-five per cent of the \$10,000 in membership goal has been reached. Student/senior citizen membership is \$5, A single membership is \$10, and a family membership is \$20, sustaining membership is \$50, according to the Wildlife Club.

Fewer parking spaces

The standing committee on parking has approved the elimination of twenty parking spaces on the east side of the roadway leading from McGilvray Street to the back of the OVC main building. At present the Grounds Department has barricades erected there to indicate a no-parking zone. Any vehicles found parked there will be ticketed by the university police department, for parking in a no-parking zone."

Summer Choral

Auditions are now underway for Summer Choral, a choir open to members of the university community under the direction of Fred Stoltzfus, director of the University of Guelph Choir. Rehearsals will be on Wednesdays, 8 p.m., commencing May 12, and a concert will be presented in St. James Church, Guelph, Wednesday, July 21, featuring Handel's *Dettinger Te Deum*. For an audition, call Ext. 3127 or see Mr. Stoltzfus, Room 218, Arts building. Arrangements for an audition for a place in the University of Guelph Choir for next autumn can be made now. Rehearsals begin September 15, 7 p.m.

Arm wrestling anyone?

An arm wrestling contest will be held March 4, 12 noon to 2 p.m. in the courtyard, U.C., Entry forms are available at University Centre Information Desk and University Centre Games Room.

Ladies softball

Students, faculty, staff, and friends are invited to join the University of Guelph's ladies softball team. Anyone interested please call Judy L. Kerr, Ext. 8734 or 821-2391 after 5 p.m.

Continued from page 1.

together. Professor Toole got the idea from The Little International at Iowa State College and the student's decided to name it Toole's College Royal, named after Toronto's Royal Agricultural Winter Fair. College Royal began as a livestock showing competition and displays

set up by horticulture, poultry and dairy students. In the second year an art division and clubs exhibit joined the already popular event.

In 1928, a dancing competition was added and by 1929 College Royal was an all-day event. In 1932, a salad-making demonstration was introduced by Macdonald Institute. In 1933, the dated for College Royal moved from January to March to allow for more organizing time (plans for this years College Royal began September 18, 1975!) and a skit show was added for some humour. Enthusiasm and popularity forced College Royal to become a two-day event in 1936. It was in this year that the Wade Toole Memorial Trophy was donated by staff and students in memory of the Royal's founder. The trophy is still in use today and is awarded to the campus group which provides the most educational exhibit in Open House.

By the mid 1940's, Ontario Veterinary College students entered demonstrations and displays into College Royal.

During the 1950's the Stunt night was changed to a talent show and called Hallelujah. The skit show went into Curtain Call.

In 1974, College Royal celebrated it's 50th anniversary and naturally it was called the Golden Royal. International Women's Year, 1975, changed the history for College Royal, In 1976, the 25-year old tradition of having the College Royal queen as the official hostess was changed to the College Royal celebrant, opening the contest to both males and females.

The 1976 College Royal is the biggest Royal ever. This year there are over 60 exhibiting groups in Open House and a new feature is mini lecture series. □

JOB OPPORTUNITIES

Mail and Messenger, Communication Services. Salary Grade 2, salary range \$108 - \$141.

Clerk Typist, Office of the Registrar. Salary Grade 3, salary range \$117 - \$156.

Technician, Biomedical Sciences. Salary Grade 7, salary range \$171 - \$226.

Store Room Supervisor, Food Services. Salary Grade 7 salary range \$171 - \$226.

Accounts Receivable Clerk (Temporary Position), General and Trust Accounting. Salary Grade 4, salary range \$130 - \$172.

Technician (Temporary Full time), Pathology, salary grade 7, salary range \$171 - \$226.

Custodian 2, Housekeeping Department. Job rate \$4.12, probation rate \$.20 per hour lower than job rate.

Custodian I (3 positions), Housekeeping Department Job rate \$3.81, probation rate \$.20 per hour lower than job rate.

For further information please see bulletin boards or call Ext. 3058 or 3059.

The Department of Student Affairs is looking for applicants to fill student staff positions within the residence system. These positions are open to registered full time students who at a minimum are entering their third semester and have residence life experience. Applications must be returned to the central Student Affairs Office no later than Friday, March 12.

Noon hour concert

Canadian Brass will present the Thursday noon hour concert March 4, 12:10 to 12:45 and 1:10 to 1:45 p.m., Music Room 107. More, is what the Canadian Brass is all about. More than music, more than score translated into sound. The Canadian Brass is a total performance, it's a Scott Joplin rag in juxtaposition with a Bach Cantata, an excerpt from Carmen or a Beatles' medley, all brass style. The emergence of the Canadian Brass as one of the finest classical ensembles is not surprising. They rank among the most respected musicians in Canada. They approach music with humour, warmth and musicianship and more than any other group in Canada, they've given the word 'innovative' new meaning, with a repertoire and a style that is distinctly their own. Members of the Canadian Brass are Eugene Watts, trombone, Ronald Romm, trumpet, Fred Mills, trumpet, Graeme Page, horn, Charles Daellenbach, tuba. Program I will include Prelude and Fugue in G Minor by J.S. Bach, C. LeJeune's Consort Music of the Renaissance and Baroque, Purcell's Trumpet Sonata in C Major and Divertimento by Karel Husa. In Program II you will hear Toccata and Fugue in D Minor by J.S. Bach, Eldon Rathburn's Nomadic Five and Fugue in G Minor by J.S. Bach.

Music Four

Music Four will present a program of music, song and dance from the time of the Emperor Maximilian (around 1500) arranged by the University Centre Programming Office. The performances will be in costume, and will present the kind of music that might have been heard at the emperor's court, played on the types of instruments then in use (recorders, crumhorns, kortholts, viols, rebecs, lute, cornetto).

The following performances are open to the public. Admission is free.

Sun. Feb. 29: Cambridge Public Library, 3:00 p.m.
 Fri. Mar. 5: Kitchener Public Library, 8:00 p.m.
 Fri. Mar. 12: Campus Centre - University of Waterloo
 11:30 and 12:30

Sun. Mar. 14: Knight Two Coffee House, Hamilton
 3:00 p.m.

Tue. Mar. 16: University Centre - Peter Clark Hall
 12:00 and 1:00

The program will also be performed

Sun. Feb. 29: Trinity United Church, Kitchener (for the Mr. and Mrs. Club) 8:00 p.m.

Mon. Mar. 8: Mutual Life Auditorium (for the Mutual Life Assurance Co.) 12:00 noon

Fri. Apr. 2: The Laurel Room - University of Waterloo (for the Renaissance Society) 8:30 p.m.

Sat. May 15: Brandon Hall, McMaster University (for the Ontario Potters' Association) 6:30 p.m.

Printmaking today

An Art Wheels exhibition of contemporary Canadian prints from the University of Guelph collection is touring Wellington County schools in a portable art gallery van this month. The exhibition continues through May.

Liona Boyd

A concert of classical guitar will be presented by Liona Boyd Saturday, March 13, 8:00 p.m. in War Memorial Hall sponsored by the University of Guelph Central Students Association. Tickets are now on sale at the University of Guelph box office, University Centre.

Audio Visual presents...

Fred Stoltzfus.

Music by the University of Guelph Choir conducted by Fred Stoltzfus will be featured in "Audio Visual Presents." Excerpts from their November performance at St. George's Church will be heard, including compositions or arrangements by Guillelmo Dufay, Jean Berger, Godfrey Ridout, Michael Praetorius, Helmore-Prudentius, J.S. Bach, Roger Quilter, and Randall Thompson. The audiotape of the choir's performance was made by John Krawiec of Audio Visual Services, and will be played in the University Centre, Room 103, 4 pm, Wednesday, March 3.

University faculty series

The Hamilton Philharmonic Associates have planned a program of Haydn, Beethoven and Frank Martin in their second and final appearance at the University Faculty Series during the winter semester Sunday, March 7, 4:00 p.m. in Music Room 107, Arts. Members performing will be: Christine Ertell, flute Daniel Blackman, viola, Stephen Green, cello, Mark Friedman, violin and Billie Bridgman, soprano.

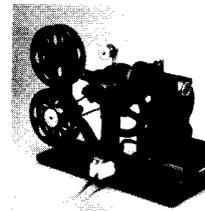

Post-industrial design

The School of Landscape Architecture will sponsor a lecture on post-industrial design by Victor Papanek March 11, 8:00 p.m. in the Arboretum Centre. Victor Papanek, FSIA, works as designer, anthropologist, writer, teacher and film-maker. He has lived and worked in 11 countries, as well as with Navajo Indians and Eskimos. Mr. Papanek designs for UNESCO/UNIDO in design management for developing countries and the automobile firm of VOLVO A/B in Sweden as senior design consultant developing a taxi for the handicapped and creating work enrichment programs for the workers. His book *Design For The Real World* has been translated into 23 languages. He has also written *Nomadic Furniture* and *Nomadic Furniture 2* with Jim Hennessey and recently completed a science-fiction novel. His latest book *How Things Don't Work* will be published in 1976. The former dean of the School of Design at CalArts, Mr Papanek, is visiting guest professor at Carleton University, Ottawa.

Magic lantern

Attics are being searched and storage cupboards raided as the Office of Audio Visual Services prepares a two month exhibition of early audio visual equipment - entitled Magic Lantern: Magic Village".

Opening in the Arts corridor on March 1, the show will feature equipment borrowed from the photo-historical collection at Wilfrid Laurier University, the Ontario Ministry of Agriculture and Food, Guelph Civic Museum, and private collections, as well as items from the University of Guelph campus itself. If you have an item that might merit inclusion in the exhibition, telephone Ian Easterbrook Ext. 2778.

Showing your own films meant just that - turning the handle on this 1920's film projector made in France and you carried a 50 pound battery to power the 24 watt bulb!

Drama workshop

Tickets are now on sale at the university box office for the Drama Workshop Theatre's play, *Box and Quotations from Chairman Mao Tse-Tung*, and two monologues, *The Jewish Wife* by Bertolt Brecht and *Days Ahead* by Lanford Wilson. The performances will be held from March 3 to March 5, 8 p.m., Drama Workshop, Arts building.

Space-age windmills still quixotic

Those of us who were looking forward to the day when we could disconnect the hydro and leave it to our space-age windmill to supply us with free power for ever may have to wait a long time, according to H.K. Malinowski of the School of Engineering.

Mr. Malinowski is a retired University of Guelph professor and an aeronautical engineer who has specialized in the effect of wind on air circulation in and around standing structures. Currently he is a sessional lecturer in the School of Engineering where he has been carrying out research to evaluate different configurations of wind turbines for the National Research Council.

"So far," says Mr. Malinowski, "the most promising way to harness wind energy for practical use is the vertical axis NRC wind turbine. It delivers over 65 per cent of the possible efficiency while those designed on the drag principle are rarely more than 50 per cent efficient."

Mr. Malinowski has been studying the

Third concert

The University of Guelph Civic Orchestra, now in its second year of operation, will present its third concert of the 1975/76 concert season Wednesday, March 17, 8 p.m. at War Memorial Hall.

The 59 instrumentalists, including university students, faculty, staff, citizens of Guelph and surrounding areas and several guest members from the Hamilton Philharmonic and Stratford Festival Orchestras, will perform three major works: Violin Concerto in A minor, Opus 3, No. 6 by Antonio Vivaldi; Piano Concerto in G major, Opus 58 by Beethoven; Symphony in D major, No. 101 by Haydn.

Guest artist will be Bernadene Blaha, the young pianist from Brantford, who has won first awards at many young artists competitions and has performed with major orchestras in Canada, United States, Poland, and other countries.

The University of Guelph Civic Orchestra is to feature in the Vivaldi Concerto four students, aged between eight and twelve years, from the Suzuki String School of Guelph and to provide them with the opportunity—all too rare even for advanced students—to perform a concerto as it was intended to be played, with orchestral accompaniment. The soloists are Miranda Hughes, Annette Johnson, Hilary Weedmark and Jeremy Hughes. This String School with artistic director, Daphe Hughes, fifty-three students; staff instructors include Thomas Wermuth, principal violist of the Stratford Festival Ensemble and Jaroslav Jarosil, Hamilton Philharmonic Orchestra.

The University of Guelph Civic Orchestra, led by concert master Daphne Hughes from Guelph, is conducted by Professor Stanley Saunders, director of Music at the University of Guelph. Tickets are available at the Central Box Office, University Centre. □

relative efficiency of hyperbolic and straight blade configurations both of which are based on similar aero-foil principles. Using the wind tunnel in the School of Engineering, which was built by the school with the help of NRC funds to a design developed by himself, he has demonstrated that the two configurations are about equally efficient but the hyperbolic shape involves significantly less expense when it comes to building full scale models.

"The drawback," says Mr. Malinowski, "is that it does not respond to a light wind and requires a sturdy gust or an artificial assist to get it started. After that it is very good indeed."

The National Research Council is interested in developing windmills which could be relied on to provide power sufficient for small installations in remote areas where the cost of trucking in fuel is prohibitive.

As far as the backyard plant is concerned, present knowledge seems to indicate that a wind turbine would have to be over 100 feet high in order to satisfy the power requirements of an ordinary home given the normal winds of this part of Ontario. To power even a small village would require two or three turbines 500 feet in height.

In this light, immediate hopes for any measure of anemological self-sufficiency would appear to be — quixotic! □

Preregistration

All full-time undergraduates are asked to check their campus mail box for information regarding preregistration.

SPORTS NEWS

Gryphon Notes

The cross country ski team of Chris Weber, Richard Lay, Kim Poole, Duaine KcKinley, Larry Walters and Bruce MacLean captured the OUAA championship at Nakkertok Ski Club in Coutley, Quebec. Christopher Weber won the gold medal in the men's 15 km race with Richard Ley claiming the bronze. In the 3 x 5 km relay, Kim Poole teamed with Lay and Weber to capture the gold and seal the meet championship.

Linda Kazienko continued to dominate the OWIAA Archery competitions by adding the indoor winter individual championship to her fall championship. The Gryphon team ended fourth in the team competition with a score of 1651. Western was first with 1889, Toronto second at 1837 and Queen's third at 1788.

Laurie-Ann Nicols and Leslie Freeman capped an outstanding badminton season by claiming the OWIAA first doubles Championship with a record of 17 wins, 1 loss. The Gryphon team finished a highly respectable fourth just one point behind third place Waterloo and one ahead of fifth place Toronto.

Adam Brown fired one goal and assisted on six others for a team high seven points as the hockey Gryphons turned back York Yeomen 9-5. Kevin Cornforth and Kim Miles each counted twice. Hugh Mitchell

PERSONALS

Goods and Services

Lost — Silver charm bracelet, 836-4394.

Typing — 836-2647, as of March 1.

scored twice in the nation's capital to lead the Gryphons past Ottawa 5-3 in the regular season finale. The Gryphons finished second in the OUAA west division standings with 10 wins, 4 losses and 2 ties for 22 points to cap a record season. Adam Brown finished second in the scoring race with 43 points including a league high 32 assists.

Bob Sharpe continued his record shattering season this past week laying claim to the OUAA all-time career total points record. His total at present is 1020 surpassing the record of Dave West of the University of Toronto for 981 points in his career 1960-65. Sharpe also claimed team records for career points (2030), rebounds (878), career field goals, career free throws, season FGS (240), season points (621), season average (24.5). The OUAA record breaking points came at 5.24 of the first half against Laurier.

The Gryphon Basketball team upped its record to 21-6 with a 68-57 victory over Waterloo before an all-time record crowd Saturday night. Bob McKinnon, recently converted to the back-court, hit for 25 points and Henry Vandenberg completely dominated Jamie Russell to pace the victory. Sharpe added 18 points and 12 rebounds in a winning cause.

AWARDS

President Forster, and Erich Barth, art director, Department of information, view the Blue Ribbon Award presented by Western Fairs Association to the University of Guelph. The award was accepted by director of the Department of Information, Douglas Waterston. The university, through faculty and staff of various departments within the university, have co-operated with the Central Ontario Exhibition by participating with exhibits, man hours and ideas in the various 'Salutes to Agriculture,' themes of the COE, dating back to 1969 with the Story of Beef.

The Ballard Fellowship provided annually by Standard Brands Limited, Montreal, for a graduate student enrolled in a department of the Ontario Veterinary College has been awarded to 1975 recipient John L. Parsons, B.Sc., Sir George Williams, Montreal, 1974. Mr. Parsons is enrolled in a Master of Science program in the Department of Pathology, studying energy metabolism. He hopes to complete additional study before entering on a career related to applied aspects of his research. Photographed here, left to right, are Professor R.G. Thomson, chairman, Department of Pathology, OVC, John Parsons, and John Atkinson of Standard Brands Canada Limited.

Professor Bruce McCraw, Department of Pathology, and co-chairman of the campus division of the Alma Mater fund presents John D. Smith and Paul McKee with Alma Mater B.Sc. In-Course Scholarships recently. At the right is Professor Fred Beamish, Department of Zoology.

One of two recipients of Guelph B.Sc. entrance scholarships, Renato Manera, Physical Science, receives his scholarship from Professor E.B. MacNaughton, dean, College of Physical Science.

Next Week at Guelph

Interview Schedule — MAPLE LEAF MILLS, summer employment interviews. Department of Career Planning and Placement.

Fellowship — CAMPUS CHRISTIAN FELLOWSHIP, 7:30 p.m., Chapel, UC.

Worship — ROMAN CATHOLIC MASS, 5 p.m., Chapel, UC; ANGLICAN AND UNITED DISCUSSION GROUP, 1 p.m. to 2 p.m., Chapel, UC.

Bridge — DUPLICATE BRIDGE, Arts building, 8th floor lounge, Play: 7:30 p.m., Learn, 6:30, to 7:15 p.m.

Dance — UNIVERSITY OF GUELPH SQUARE DANCE CLUB, 8 p.m., Rm. 116, Crop Science.

Meeting — ALCOHOLICS ANONYMOUS, 8 p.m., Rm. 332, UC.
